

Contents

Comments on the hydrochemical regulation of the halogen elements in rainfall, stemflow, throughfall and stream waters at an acidic forested area in mid-Wales C. Neal, C.J. Smith, J. Walls, P. Billingham, S. Hill and M. Neal (Wallingford, U.K.)	1
Time trend of PCB concentrations in surface sediments from a hypertrophic, macroalgae populated area of the Lagoon of Venice B. Pavoni, C. Calvo, A. Sfriso and A.A. Orio (Venice, Italy)	13
Chemical composition and acidity of rainfall in the Alligator Rivers Region, Northern Territory, Australia B.N. Noller, N.A. Currey (Jabiru, N.T., Australia), G.P. Ayers and R.W. Gillett (Aspendale, Vic., Australia)	23
Hazardous petrol hydrocarbons from refuelling with and without vapour recovery P.M. Berglund and G. Petersson (Göteborg, Sweden)	49
Zinc in poor sandy soils and associated groundwater. A case study G.B.M. Pedroli, W.A.C. Maasdam and J.M. Verstraten (Amsterdam, The Netherlands)	59
Chemistry of carbonyl compounds in Po Valley fog water M.C. Facchini, J. Lind, G. Orsi and S. Fuzzi (Bologna, Italy)	79
Cesium-137 in moose diet; considerations on intake and accumulation S. von Bothmer, K.J. Johanson and R. Bergström (Uppsala, Sweden)	87
Examination and chemical treatment of industrial solid wastes for safe land application. I. Evaluation of toxic elements present in solid wastes from a fertilizer and chemical plant A. Katzika and Th. Kouimtzi (Thessaloniki, Greece)	97
Gel chromatography of humic substances from soils of the Venezuelan plains (Llanos) J. Paolini and W. Chitty (Caracas, Venezuela)	107
Consolidation and contaminant migration in a capped dredged material deposit J.M. Brannon and M.E. Poindexter-Rollings (Vicksburg, MS, U.S.A.)	115
Interrelationship between the concentrations of some elements in the organs of Japanese with special reference to selenium-heavy metal relationships J. Yoshinaga, N. Matsuo, H. Imai, M. Nakazawa, T. Suzuki (Tokyo, Japan), M. Morita (Ibaraki, Japan) and H. Akagi (Kumamoto, Japan)	127
Geographical distribution of contaminants and productivity measures of herring gulls in the Great Lakes: Lake Erie and connecting channels 1978/79 D.V. Weseloh, P. Mineau and J. Struger (Burlington, Ont., Canada)	141
The nutritional selenium status of healthy Greeks M.S. Bratakos (Patras, Greece), H.C. Kanaki, A. Vasiliou-Waite (Athens, Greece) and P.V. Ioannou (Patras, Greece)	161
Buffering capacity of coal mine spoils and fly ash as a factor in the protection of the aquatic environment I. Twardowska (Zabrze, Poland)	177
Study on the relation of Se, Mn, Fe, Sr, Pb, Zn, Cu and Ca to liver cancer mortality from analysis of scalp hair W. Yongxian, Q. Jinfa, W. Simin and Y. Linbao (Shanghai, China)	191
Vertical distribution and flows of lead and natural radionuclides in the atmosphere L. Kownacka (Warsaw, Poland), Z. Jaworowski (Oslo, Norway) and M. Suplinska (Warsaw, Poland)	199
The accumulation of cadmium by vegetables grown on soils contaminated from a variety of sources B.J. Alloway, A.P. Jackson and H. Morgan (London, U.K.)	223
